Savez-vous (vraiment) utiliser Git ?

Mon expérience

Expérience perso

2005-2006 - CVS

Depuis 2013 - Git

Expérience pro

2010-2015 - SVN

Depuis 2015 - Git

Précautions d'usage

Branches ?

Git a fait ~~importe~~ quoi !

Un début de réponse ?

Confusion

GUI only

3 commandes ?

```
$ history | grep git
```

```
git add -all
```

```
git commit -m WIP
```

```
git push
```

```
git add -all
```

```
git commit -m WIP
```

```
git push
```

```
git add -all
```

```
git commit -m WIP
```

```
git push
```

```
git add -all
```

```
git commit -m WIP
```

```
git push
```

```
git add -all
```

```
git commit -m WIP
```

```
git push
```

Gestion de version 101

L'ancêtre SVN

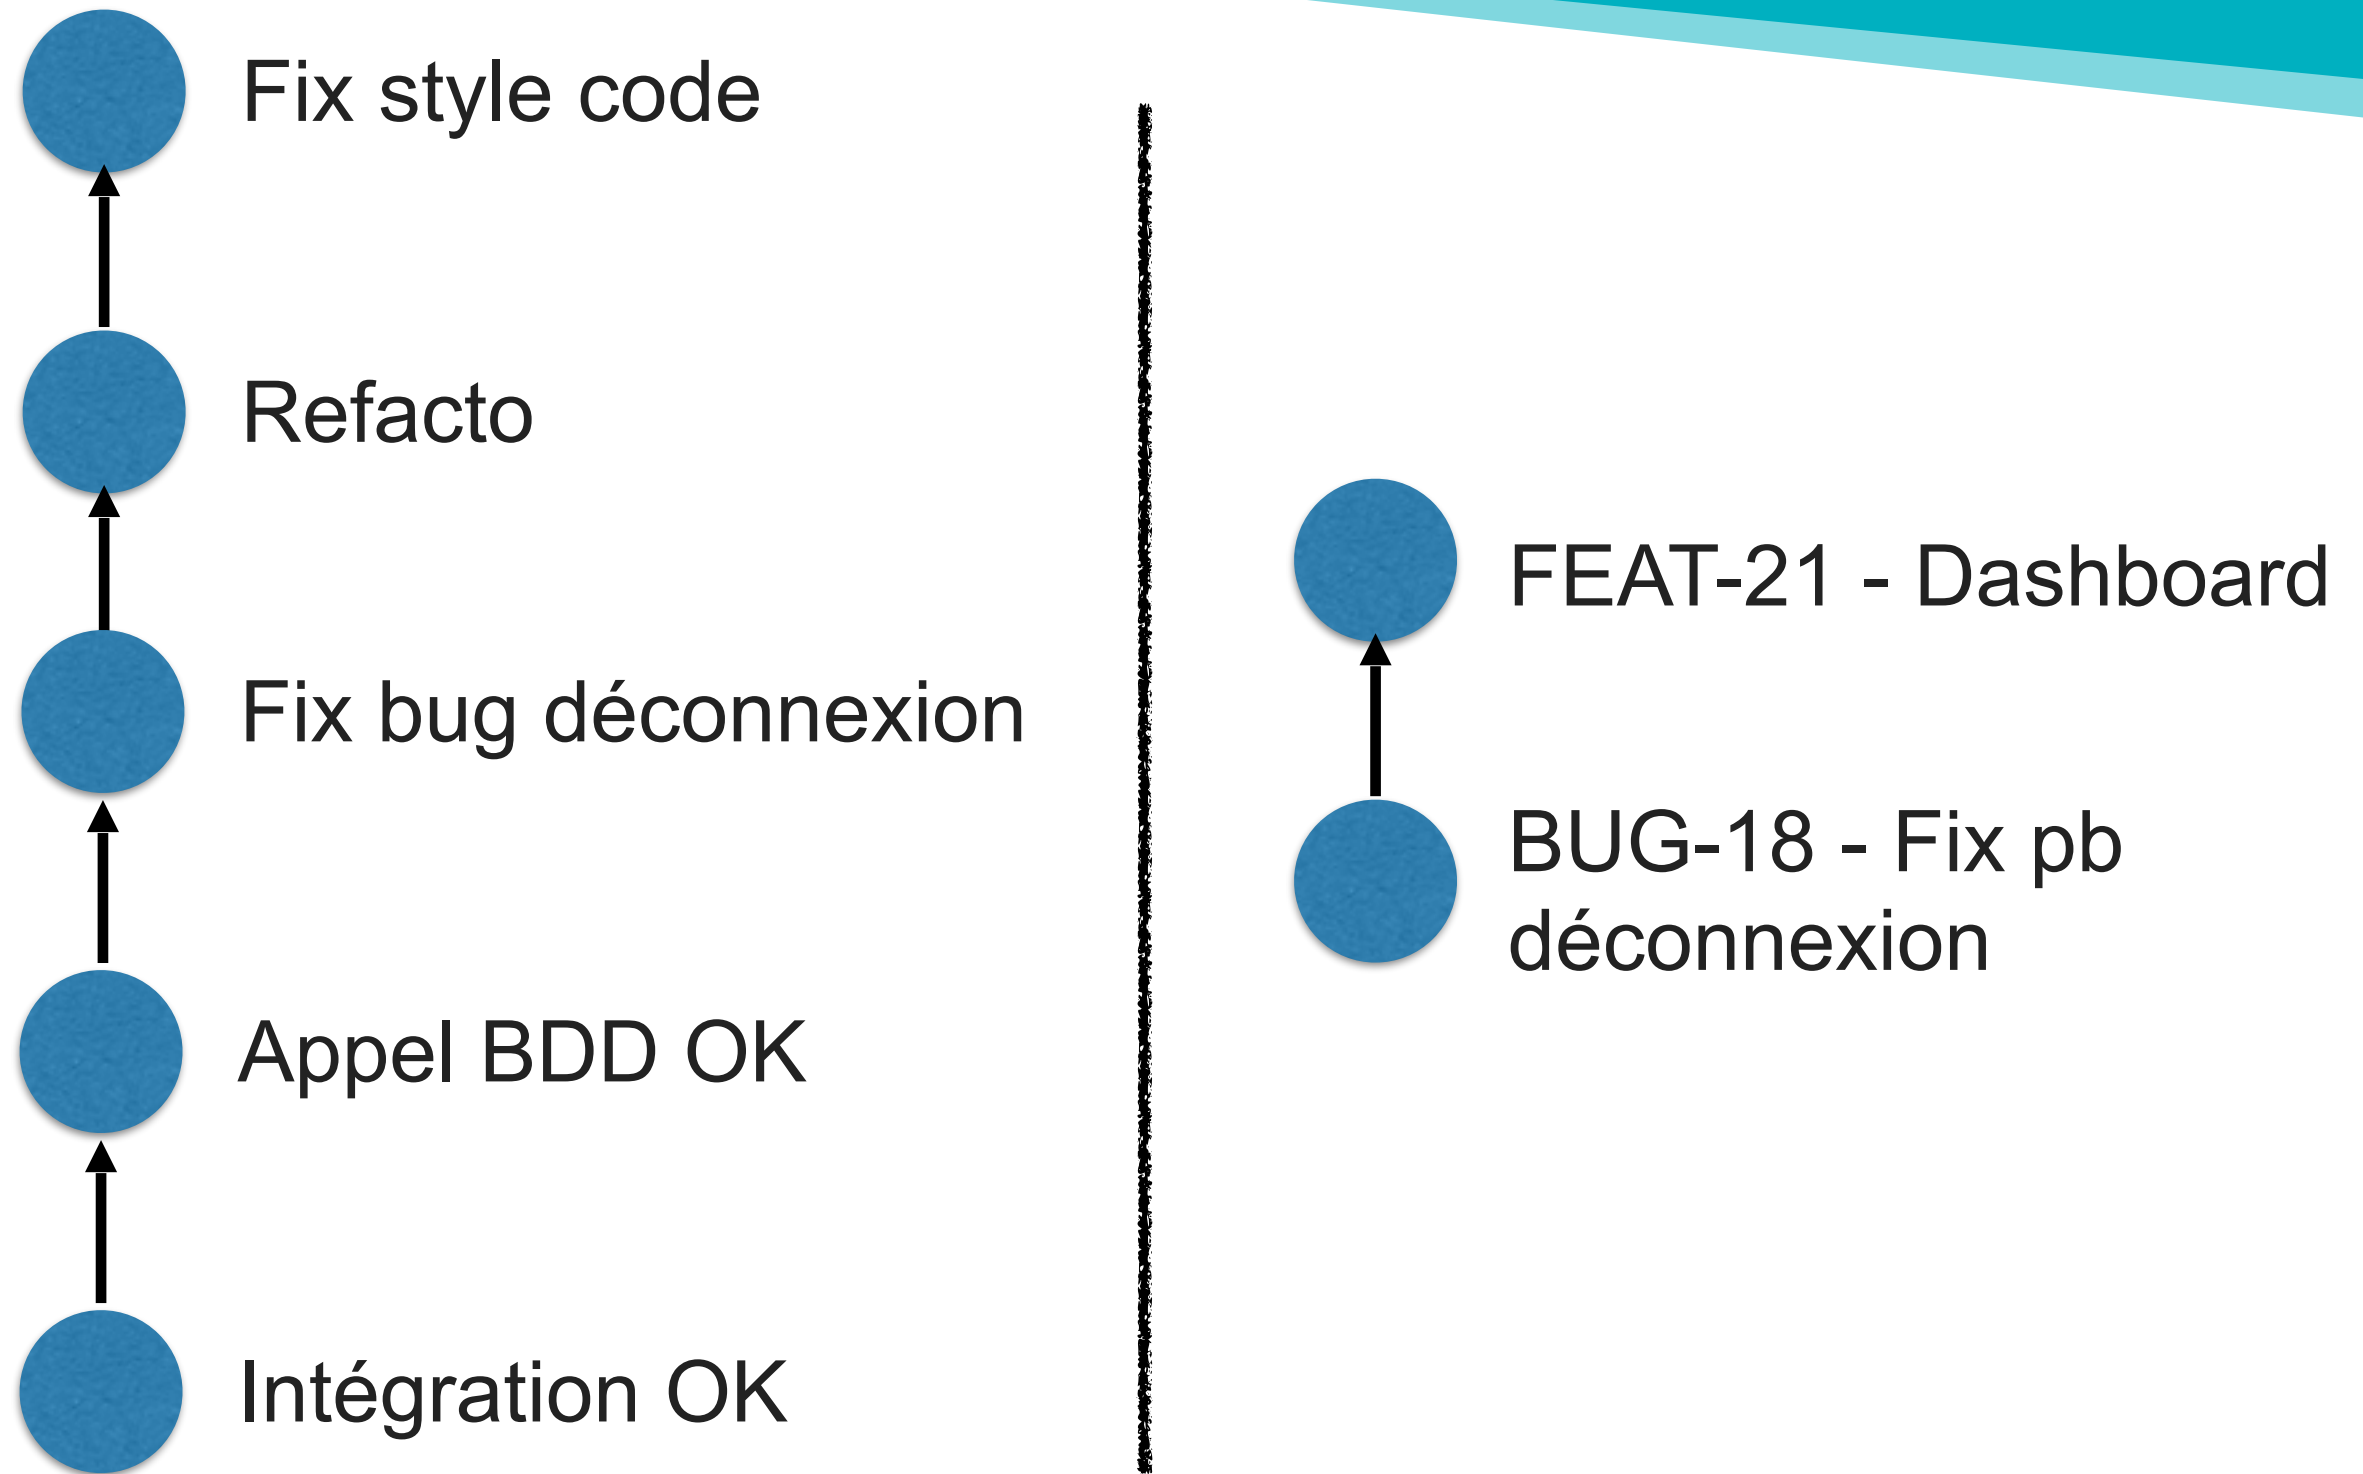

Et Git ?

Démo

Pourquoi ?

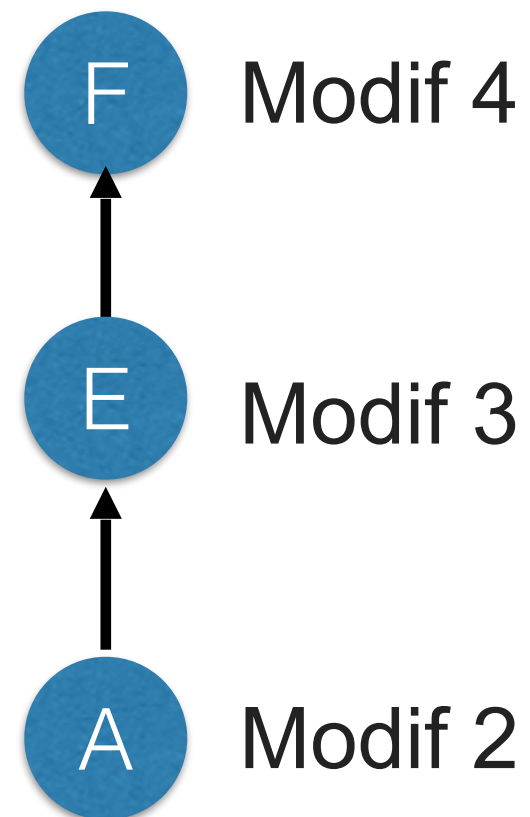

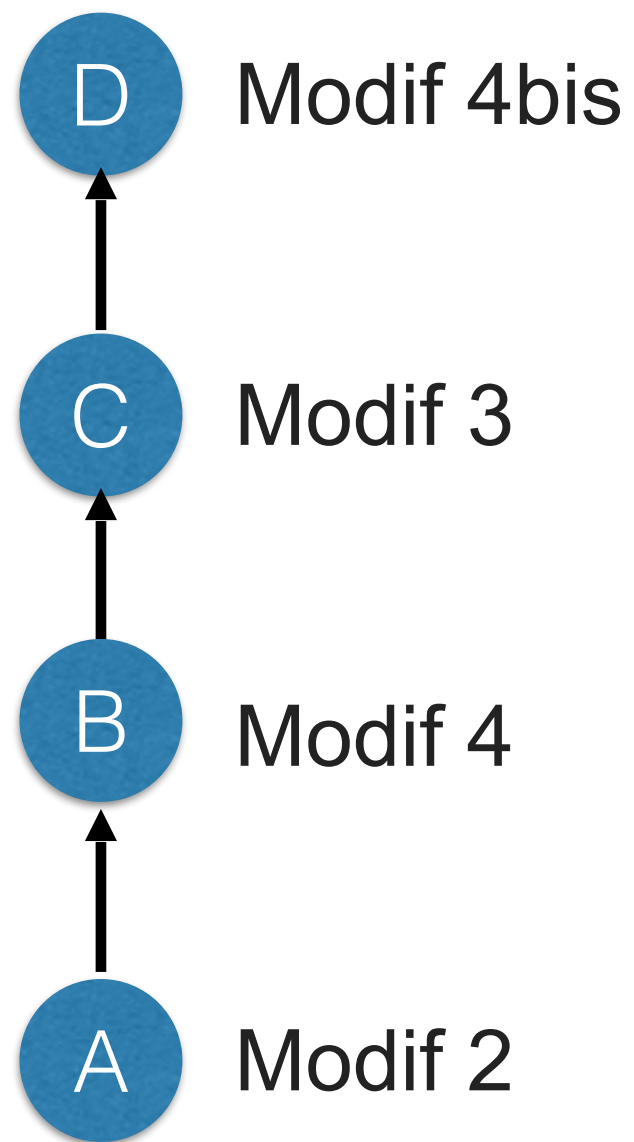

Workflow

Tout le temps bien ?

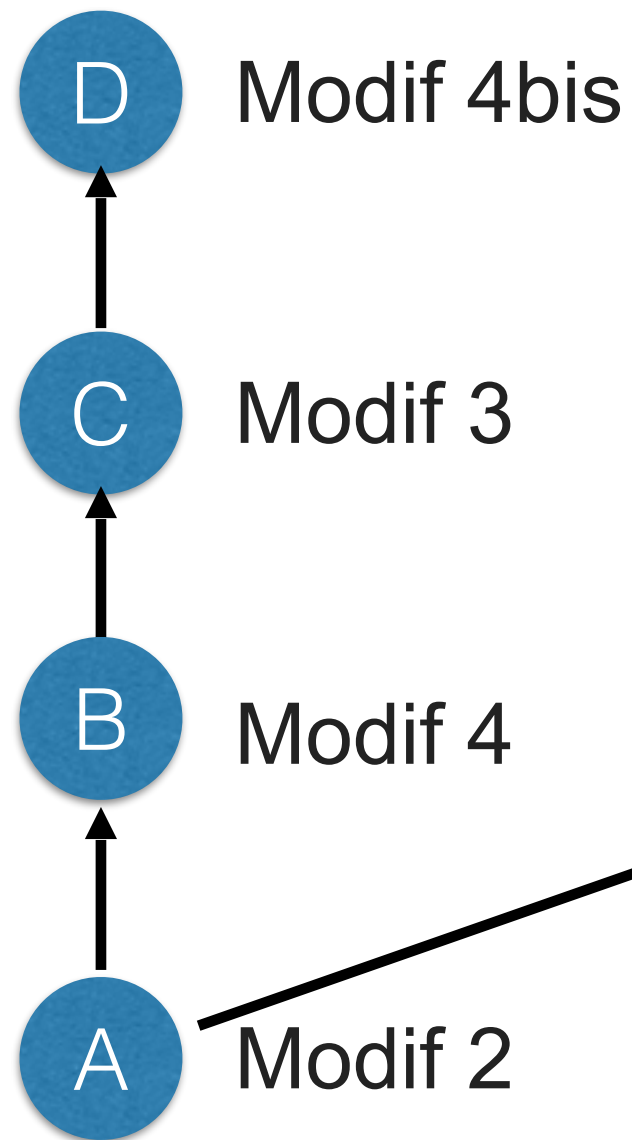

C'est quoi le problème ?

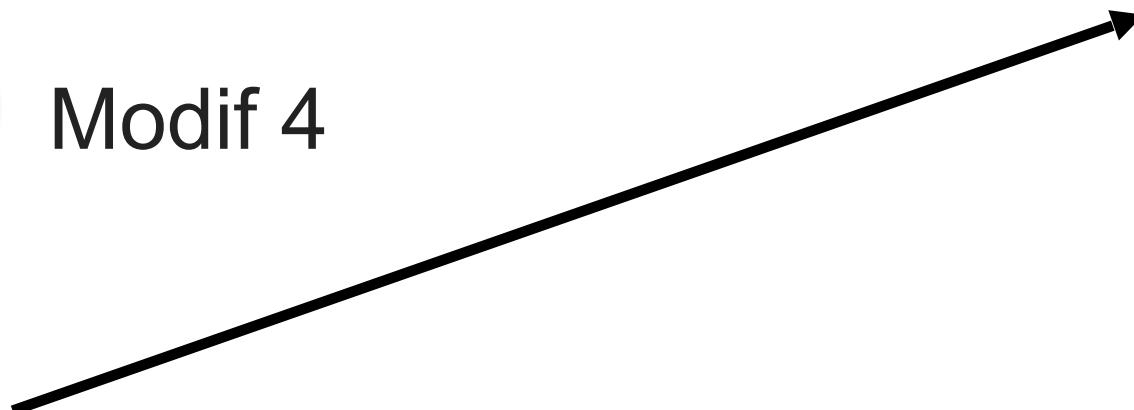

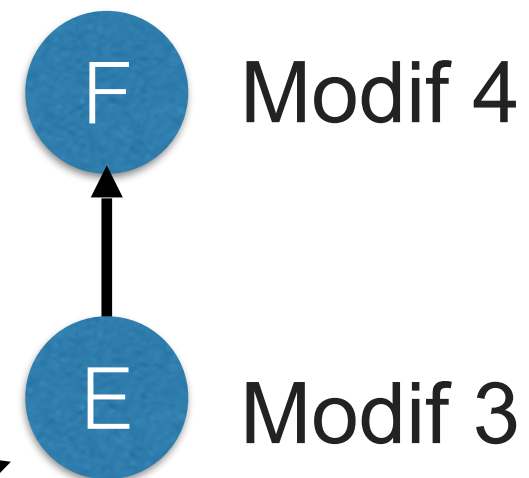

Local vs Distant

origin/master

master

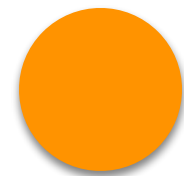

Deux solutions

Ne rien faire !!!

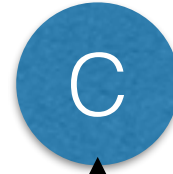

```
$ git push -f origin <ma-branche>
```

Pourquoi c'est si grave ?

new-feature

origin/master

master
